

## Biographical Sketch

Dr Ramesh S. Krishnamurthy serves as a Senior Adviser at the World Health Organization in Geneva, Switzerland. His work spans in the areas of designing, planning, implementation, monitoring and assessment of public health systems and services. He has provided technical guidance in building national capacities for healthcare delivery, health workforce capacity development, emergency preparedness and response and incorporating digital health and innovation at all levels of health systems. During the past 20 years, Dr Krishnamurthy had provided support to strengthen health systems to over 50 WHO Member States, United Nations agencies, bi-lateral and multi-lateral entities. Prior to joining WHO, Dr Krishnamurthy served as Senior Adviser and Scientist at the US Centers for Disease Control and Prevention.
